Table notes

Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 310 points separate the top school from the school ranked number 80. The top 12 schools, from IMD to Washington University: Olin form the elite group of providers of open enrolment programmes. The second group spans 56 places from Center for Creative Leadership to Solvay Brussels School of Economics and Management. The third group of 12 schools is headed by Copenhagen Business School.
